

STUDY ON EXPERIENCES OF COMMUNITY

Experiences of Community: Exploring the Concept of Community with Volunteers at Neighbourhood Houses

- Are **you** a volunteer at a Neighbourhood House in Vancouver and/or the Lower Mainland?
- Would **you like to participate in a study that explores your experience of community?**

If **YES you are invited** to join me in exploring how **community is experienced** and how this impacts **active participation** in community-based organizations such as neighbourhood houses.

If you **would like to participate**, you must be **over 19 years of age** and speak conversational **English**.

Your participation would include an **interview lasting up to 90 minutes**, in March 2008. If required, we may agree to conduct a second interview of up to 1 hour.

Participation in the study is entirely **voluntary**. Participants may **withdraw from the study** at any time. Identifying information will be kept **strictly confidential**.

As a **token of appreciation** for your participation, **refreshments** will be provided during the interview and **transportation costs** will be covered.

If you would like **more information** or would like to **participate in this study**, please **contact** me, **Jocelyn Yu**, at yu_jocelyn@hotmail.com or call me at 778-889-8805.
